人工智能金融科技實驗室有限公司
Monday, 7 November 2022
二零二二年十一月七日（星期一）

Laboratory for AI-Powered Financial Technologies Limited (AIFT) organized a local talent training program on Monday, 7 November 2022. We invited total 22 teachers and students from Pui Ching Middle School to visit our office and share the knowledge about blockchain. Firstly, our Centre director, Prof. Houmin Yan introduced the background and duties of AIFT, followed by our researchers sharing the topics on blockchain and its applications. Our researchers tried to build a simple blockchain service for the students to create their own programs on the blockchain and exchange this information with each other. All the teachers and students enjoyed the training very much.

人工智能金融科技實驗室有限公司於二零二二年十一月七日（星期一）舉辦了一場本地人才培訓活動。我們邀請了共二十二位香港培正中學的老師及學生參觀實驗室及分享區塊鏈的知識。首先，我們實驗室的主任嚴厚民教授親自介紹了 AIFT 的背景及工作範疇，然後我們的科研人員與大家分享區塊鏈的知識和應用。我們的科研人員給學生建立了一個簡單的區塊鏈服務，讓他們可創建屬於自己在區塊鏈中的程序，亦可與同學交換自己的信息。所有老師及同學都十分享受這次培訓活動。
